🌟 PROFESSIONAL SUMMARY

Motivated 18-year-old Python Developer & Automation Engineer specializing in rapid product delivery, API integrations, web scrapers, and automated test frameworks. Highly proficient in leveraging modern AI-assisted engineering tools (Cursor, Copilot, Antigravity) to design, build, and deploy production-grade async microservices, bots, and test suites 5x faster.

Trilingual (**English B2/C1, Polish B2 certified, Russian Native**). Possesses **Polish National D Visa with full work authorization in EU**. Seeking remote or Poland-based roles in **Python Automation, Backend Development, QA Automation, or L2/L3 Integration Support**.

🔧 TECHNICAL STACK

Languages:

Python (AsyncIO) OOP Type Hints SQL Bash basic JavaScript/TypeScript

Backend & APIs:

FastAPI Pydantic v2 SQLAlchemy 2.0 (Async) Redis Flask aiogram v3 REST APIs
WebSockets Webhooks

QA Automation & Testing:

Playwright (Python) Pytest (fixtures markers parametrization) Page Object Model (POM) Selenium
Postman Allure

Databases:

PostgreSQL SQLite Redis (caching sliding window rate-limiting)

DevOps & Cloud:

Docker Docker Compose Git/GitHub Actions Linux (Bash) Nginx VPS deployment

Scraping & Automation:

BeautifulSoup Scrapy HTTPX (async requests) cron jobs data pipelines

🚀 FEATURED PROJECTS

🏠 EXPERIENCE

Freelance Python Developer & Automation Engineer | Self-Employed

2024 – Present

- * Designed and deployed custom REST APIs, Telegram bots, and web scraping scripts for clients.
- * Built automated data collection pipelines extracting structured JSON/CSV data from complex web interfaces.
- * Containerized client applications using Docker Compose and managed deployments on Linux cloud VPS servers.

🎓 EDUCATION

Belarusian State University of Informatics and Radioelectronics (BSUIR)

Software Engineer Degree (In Progress) | *2024 – Present* | Minsk, Belarus

* Focus: Software Engineering, Algorithms, Databases, Web Development.

🌐 LANGUAGES & PERMITS

- 🇵🇱 **Polish National D Visa** — Legal work authorization in Poland / EU.
- 🗣️ **English:** Upper-Intermediate / Advanced (B2/C1) — Fluent written & spoken.
- 🗣️ **Polish:** Intermediate / B2 (State Certified) — Business communication ready.
- 🗣️ **Russian / Belarusian:** Native.
